Re: Alaska Electrical Health & Welfare Fund  
Mandated Reports Concerning your Health Insurance Coverage  
from the Alaska Electrical Health & Welfare Fund

Dear Plan Participants:

The Affordable Care Act requires that health plans like the Alaska Electrical Health & Welfare Fund (“Fund”) provide you a report identifying the months you and any enrolled dependents had coverage from the Fund during 2015. The report, called Form 1095-B will be sent to you by February 1, 2016. Federal law also requires that a copy be sent to the IRS.

The IRS will use the Form 1095-B to determine if you and your dependents had health coverage in 2015 and if there are months you did not, whether you or a family member are subject to a penalty. You may need to reference the information on this form when you complete your 2015 federal income tax return. If you have adult dependents who are covered by the Fund, they may also need the information on this form to complete their federal income taxes.

If you work for an employer that has 50 or more full-time employees you may receive a second form, labeled Form 1095-C. The IRS will also receive a copy of the Form 1095-C from your employer. The IRS will use the Form 1095-C to determine if your employer is subject to an employer responsibility penalty under the Affordable Care Act.

While it looks similar to the 1095-B that you will receive from the Fund, the Form 1095-C provides different information. The form from the Fund (1095-B) tells you the months you actually had coverage. The form from your employer (1095-C) indicates the months that employer contributed to the Fund.

## Questions

If you have questions about the form you received from the Fund (the 1095-B) call the Administrative Office.
